

The Diamond Co-Creator Affiliate Getting Started Guide

Here are Your First Steps ...

Step 1. Complete & Submit your W9 Tax Form

If you are a US resident, you must fill out a W9 and email it to:

affiliates@CoCreateYourSuccess.com;

No commissions will be paid out until we receive your completed form.

Step 2. Choose the Promotion to Share & Generate your Affiliate Link

To generate your personalized Affiliate link for a particular program or promotion:

1. Log into your Affiliate account on <https://CoCreateYourSuccess.com>
2. Check to see if what you want to promote is already in the Creative section on the left-hand vertical bar; there may already be email copy and social media posts which have your personalized Affiliate link attached to it.
3. If not, copy the appropriate *URL from the website page* that you want to promote.
4. Go to *Affiliate URLs* on the left-hand vertical menu bar and click on it.
5. Paste the website page URL into the *Page URL in the Referral URL generator section*.
6. Copy your Affiliate link and use it in your promotion OR you can share it directly from the Affiliate URL generator page to Facebook, Twitter, or an email.

Remember to always use your Affiliate link in your promotions to track referrals to your Affiliate account.

Here is an example: If you want to share the FREE gift of Manifest Your All with the Manifestation tool from The Diamond Co-Creative System[®], you would add your Affiliate link to: <https://cocreateyoursuccess.com/manifestyourall/>

The following is how the link would look if you added your affiliate name and it was susieq: <https://cocreateyoursuccess.com/manifestyourall/?ref=susieq>

The good news is the Referral URL generator does this for you, which ensures you do not make an error in adding your Affiliate name. Again, look at links we have already loaded, or add a webpage link to the Referral URL generator, and it will give you one that includes your Affiliate name!

NOTE: If a referral is already in the system and linked to someone else or are already a current or past client or customer, they will NOT be tagged as your person.

Step 3. Get Creatives ... Banners, Logos & Copy

To make it easy for you to promote, we've provided banners, logos, and pre-written email copy and social media posts under Creatives in the left-hand vertical menu bar in your Affiliate account. All you have to do is copy as it will have your personalized Affiliate link already added to the copy or post.

Step 4. Copy Suggested Verbiage, Paste & Send

Simply copy any of the pre-written verbiage you wish to use (feel free to edit and add your voice and endorsement), add your Affiliate link (if you are not grabbing it from Creatives), and send to your referrals. Any purchases your referrals make will be automatically credited to your account.

It's Easy to Share Great Items that are FREE!

Here are some suggestions with the appropriate website URL to use when generating your personalized Affiliate link.

We highly recommend that you **share FREE resources, or the Diamond Code Club, to introduce people who are new to Amanda Slade and The Diamond Co-Creative System®**, rather than sending them straight to investing into products, programs, and services, unless it is something you are involved in such as our workshops, the Evolve Your ALL 5th Dimension Mentorship program, The Diamond Co-Creative System® Accreditation for Coaches, Practitioners & Teachers, or personal one-on-one sessions with Amanda Slade.

Below are some suggestions with the appropriate URL to use in generating your Affiliate link in the Link Generation tool:
